

## **iPayment, Inc. Announces Partnership with Harley Financial Powering payment processing services for Harley Financial's small and mid-sized business customers**

(New York, NY) March 16, 2016 – iPayment, Inc., a premier provider of payment solutions and processing services, today announced a new partnership with Harley Financial Services, a leading independent sales organization specializing in providing payment processing, gift cards, loyalty programs, point-of-sale technologies and a wide array of value added services to small and mid-sized businesses (SMBs).

Founded in 1986 and headquartered in the heart of America, Tulsa, OK, Harley Financial has offices in more than 15 states. One of the nation's most experienced independent sales organizations, honesty, integrity and doing the 'right thing' for their customers has remained at the core of their value proposition and corporate mission since their inception. The company focuses on providing the right services and products based on each SMB customer's individual needs. All for a fair price and backed by superior customer support.

"One of our core advantages for our SMB customers is to provide incremental value added services and innovative solutions and payment processing and technologies are key to what they need to power their business," said Kirk Nellis, President of Harley Financial Services. He added, "As we evaluated potential partners, iPayment stood above of the crowd with their suite of offerings, partner and customer support, technology tools and earnings opportunities. We are truly excited about our new partnership with iPayment."

"We are thrilled to have earned the opportunity to partner with Harley Financial," said Greg Cohen, President, iPayment. "They are an experienced organization with a seasoned sales force, strong core values and an excellent business model around innovative solutions. Our entire team is looking forward to working with Harley Financial to provide not only payment services but new commerce technology and offerings to their existing and future customer base."
