

iPayment, Inc. Expands Focus on Unattended Payments Vertical

Kicking off broadened initiative at the National Parking Association's Annual Convention and Expo

New York, NY – September 12, 2016, iPayment Inc., a premier provider of payment solutions and processing services announces the expansion of their partner programs within the unattended payments vertical, specifically the parking industry. iPayment is set to introduce their differentiated offerings at the National Parking Association's [Annual Convention and Expo](#), which is being held September 19th through the 22nd in Atlanta, GA.

“iPayment’s program is truly turn-key, providing technology providers, owners, revenue control operators and consultants with a flexible, simplified plug-n-play payments solution that maximizes savings and revenues while offering premier security with long-term scalability,” said Greg Castro, VP, Business Development, iPayment. “EMV, contactless payments, integrated loyalty programs and more are flooding the industry. Coupled with concerns around security, PCI, and growing omni-channel demands, partners are looking for new alternatives around payments and connectivity. Our solutions are engineered to scale with partners and customers over time, so they never have to worry about preparedness for new technologies, security requirements or payment mediums.”

NPA's [Annual Convention & Expo](#) brings together more than 1,200 parking and transportation thought leaders to discuss global trends, best practices and innovative parking industry advancements. Attendees include CEOs and decision makers from both the public and private sectors. The Expo showcases the latest products and services available from more than 100 parking industry suppliers.
